

Seesaw Student Login Directions Using Home Learning Codes

1. Email your child's homeroom teacher to receive their personal home learning code. You can find their email in the staff directory on the school website: www.conneautsd.org
2. If you are using a computer you will go to www.seesaw.com and choose log in from the upper right corner.
3. If using an ipad or other device you can login to the seesaw website, or you can download the Seesaw classroom app from your app store.
4. Choose the option to login as a student.
5. Type the home learning code that you received from your teacher into the box that says "Text Code".

6. You are in and ready to use seesaw for your learning!

Tackling Your First Assignment

1. Find the activity tab on your login page (the red arrow above)
2. Read the instructions of your activity carefully.
3. Click on the add response button(Green Arrow)
4. Follow the directions to complete your activity.
5. When finished with your entire activity click the green check in the upper right hand corner. This will send it to your teacher!

For directions on using all of the seesaw tools use the link below to watch a video for students and parents:
